Use this space to tell us about your project. What did you want to achieve? How did it go?

We wanted to introduce seated volleyball as an inclusive enrichment activity. Seated volleyball is an accessible and adaptable sport, allowing students with physical disabilities to participate alongside their peers in a fun and engaging environment. This initiative promoted inclusivity, teamwork, and physical fitness while addressing the current lack of provision for SEND students.

What was your biggest success?

Social interaction and teamwork skills through inclusive play and increased confidence and a sense of belonging within the college community.

What was your biggest learning?

We were able to bridge the gap in our enrichment programme and ensure that all students, regardless of ability, have the opportunity to participate in meaningful and enriching activities. and mental health.
